Success Story:
David Busey

PARAGON Accounting & Tax Solutions LLC

As an ongoing student of Sales & Business Coach Chuck Bauer, John Drawdy, CPA, owner of Paragon Accounting & Tax Solutions of Woodstock, Georgia, understood the importance of training and tenacity over experience. When he hired David Busey as his firm's new Sales Expert, David had no real experience in the field.

John immediately signed up his new employee for Professional Sales Training with Chuck Bauer. In less than 6 months, David sold 9 monthly accounting clients totalling $75 to $80k in recurring annual revenue and $56k in one-time fees.

He is on track to close an amazing...

$450K

in Annual Recurring Income!

In combination with his extraordrinary work ethic, the lessons and tactics taught in Chuck Bauer's Professional Sales Training program have set David up to earn nearly $200k from commissions alone. Congratulations to David Busey for his well-deserved success and to John Drawdy for his excellent return on investment!
